

THE UNIVERSITY OF ARIZONA
ELLER COLLEGE OF MANAGEMENT
**McGuire Center for
Entrepreneurship**

THE MCGUIRE CENTER FOR ENTREPRENEURSHIP

offers engaging entrepreneurship education opportunities to all University of Arizona students, and is committed to extending entrepreneurship education throughout our community and across the globe.

**30⁺
Years**

Established in 1984 as one of the first university-based centers for entrepreneurship, the McGuire Center for Entrepreneurship is among only a handful of programs in the nation that have maintained top-tier rankings in both undergraduate and graduate surveys for the past decade.

**Top
Ranked**

In 2016, *U.S. News and World Report* ranked the McGuire Center as #3 among public undergraduate entrepreneurship programs, and #5 among public graduate entrepreneurship programs.

**100%
Engagement**

The McGuire Entrepreneurship Program is an intensive, yearlong, experiential education program that engages students in the process of building a new venture from the ground up. Undergraduate and graduate students from across the University of Arizona learn through expert teaching, hands-on practical work, and guidance from experienced mentor-entrepreneurs.

**1,000⁺
Students**

More than 1,000 students across the University of Arizona will take entrepreneurship courses this academic year, and every business major will graduate with entrepreneurial skills that prepare them for their future.

The McGuire Center offers summer programs for underserved high school and first-generation college students, and delivers training to empower K-12 teachers to provide entrepreneurship education to youths from the Sonoran Desert to the South Sudan.
